

BUILDING UPGRADE FINANCE

SOUTH AUSTRALIA

UPGRADE RESTORE REPOSITION

Transform your asset for the future

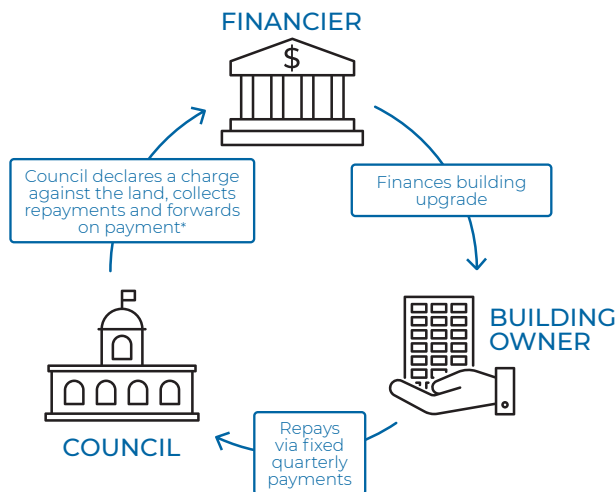

Building Upgrade Finance is available to building owners for non-residential building environmental improvements and for restoration and upgrades of heritage buildings.

Building Upgrade Finance can assist building owners to achieve upgrades that assist to manage operating costs, solve a compliance problem and attract or retain tenants.

Finance is provided by private sector financiers and facilitated via a council administration process.

Building Upgrade Finance is secured by the property rather than the building owner which allows financiers to offer attractive loan terms.

Case Studies

ANGAS SECURITIES BUILDING, ADELAIDE, SA

Upgrades:

- Replacement of over 1,500 bulbs and fittings
- A new 30 kW Solar PV system
- Installation of energy optimising equipment which reduces the peak demand.

“Through this finance mechanism, my project benefited from 100 per cent project finance, removing the need for up-front capital.

It's opened my eyes to a whole new world on how to design, how to manage and how to continually upgrade significant assets at a top standard. And it's all paid for by energy savings. You're getting it for free.”

JOHN CULSHAW
Former Building Owner

YOURDC DATA CENTRE, EDINBURGH PARKS, SA

Upgrade: 199 kW Solar
PV System

“This upgrade is cash flow positive from day one, it was an absolute no brainer for us. Data centres are one of the highest consumers of power per square metre and sustainability is very important to us. This programme means that when the sun is shining our customers' computers are running on solar.”

SCOTT HICKS
Owner
